

Discover Cloud Enablement Services With TD SYNnex and Azure OpenAI

We want you to join us for our Azure OpenAI technical workshop, technical walkthrough and self-paced (on-demand) class. This is your chance to gain a comprehensive understanding of Azure AI and its vast potential. The agenda includes an introduction to Azure AI exploring Azure Machine Learning, Cognitive Services, Applied AI Services and Azure Speech Services. Participants will learn to build AI solutions with responsible AI practices, understand security and ethical considerations and see real-world applications and case studies.

The event will also cover AI technical readiness and market strategy, concluding with a Q&A session and a summary of key takeaways and action items. This event is a valuable opportunity to gain insights and practical knowledge on leveraging Azure AI for diverse applications.

Together, we will focus on:

- Introduction to Azure OpenAI
- Azure AI Services
- Building AI Solutions With Azure
- Real-World Analytics
- AI Technical Readiness
- Security and Ethical Considerations

Class Experience:

We built an education model that accommodates our partners' preference:

Azure OpenAI Technical Walkthrough

- Group Workshop (Virtual Classroom)
- Demonstration Experience

Azure OpenAI Technical Workshop (Coming Soon)

- One-on-One Workshop (Personal Class)
- Practical Experience

Self-Paced (On-Demand) (Coming Soon)

- Series of Videos
- Learn at Own Pace
