

## Cloud Enablement Services – Microsoft Windows 365 & Intune Technical Walkthrough and Self-Paced (On-Demand) Class

Many companies are adopting a hybrid work environment. Leveraging Windows 365 facilitates this transition more quickly and with less risk. Join us to discover the benefits of moving to a Software-as-a-Service (SaaS) solution. By attending one of our classes, you'll learn Windows 365 terminology, best practices, and real-world applications of Windows 365 from start to finish. Additionally, you'll gain insights into the advantages of using Intune, including enhanced device management, improved security, and streamlined operations.
